

**David Gardner, P.E., S.E.**

Chief Executive Officer, Coffman Engineers

Dave is the CEO at Coffman Engineers and was promoted to the position in 2015. Gardner joined Coffman in 1990 and has more than 32 years of experience as a civil/structural engineer. He is a Principal and served as the Anchorage office General Manager from 2011 through 2015.

**David Ruff, P.E.**

President, Coffman Engineers

Dave is the President at Coffman Engineers and was promoted to the position in 2015. Ruff has been with Coffman since 1995 and is a mechanical engineer with an industrial focus. He is a Principal and served as the Spokane office General Manager from 2007 through 2014.

**Chuck Hope, P.E.**

Principal, Hope-Amundson

Chuck is a Principal at Hope-Amundson and a structural engineer. The Hope family has over 80 years of history in the AEC industry in San Diego and before founding Hope Engineering in 1993, Chuck worked for Hope Architecture and Engineering. Hope-Amundson has risen to the top as a respected structural firm under Chuck's strong leadership and engineering prowess.

**Jim Amundson, S.E.**

Principal, Hope-Amundson

Jim is a Principal at Hope-Amundson and a structural engineer. Jim's arrival in 1999 strengthened the firm's leadership and increased their depth of expertise. Jim brings a unique combination of technical knowledge, leadership, and management skills and has a long history of giving back to the industry through service with the Structural Engineers Association of California.

**Scott Twele, P.E., DBIA**

San Diego General Manager,
Coffman Engineers

Scott is the San Diego office General Manager and joined Coffman in early 2016. He has over 16 years of experience as a fire protection engineer providing fire and life safety consulting. His focus has been to add full multidiscipline services to Coffman's San Diego office and to grow the market share in Southern California.
